It's amazing what a cookie can do!

10 Important Cookie Facts That All Guiders Must Know

Cookie Requirements for Families

1. Although we encourage girls to participate in selling cookies individually or take part in a group sale, there is **no national policy stating girls must sell cookies** or a minimum amount of cases they must sell.

Guiders cannot ask for the payment of cookies upfront. Best practice is to collect payment for cases sold prior to signing out additional cases.

When girls are registered, the following is agreed to by the parent/guardian:

I understand that by signing this agreement: I agree that my daughter/ward will participate in the sale of Girl Guide Cookies, the primary fundraiser for GGC.

Some examples of participating in the sale of cookies:

- individual sales
- attending group sales
- helping coordinate the unit's group sales
- promoting the sale of cookies

Note – Cookies can only be signed out and sold by currently registered members of Girl Guides of Canada

2. Units must collect parent signatures when cases are signed out using the [Unit Distribution Form](#). Use the [Parent Cookie Agreement](#) to avoid the girls returning cases/boxes to the unit when girls request a larger number of cases during the campaign (7+). This will hold the girl and her parent/guardian responsible for the sale and payment of cases.
3. Set a case and payment return deadline each campaign. If neither are returned by the deadline begin the [Parent Not Paid](#) process immediately.

Returning Cookies

4. Boxes/cases of cookies can be returned to the unit, but cannot be returned to the Ontario Council office. If a girl cannot sell all of the cases/boxes she took home, you must accept these back into the unit. Set a date that unsold cases/boxes must be returned to the unit. This will provide the unit with time to sell any returned cookies. When cases are returned to the unit, you can ask if another girl would like to take more home or plan a group sale.
