

How to make your Thinking Day activities inclusive

The 2019 World Thinking Day (WTD) theme is leadership and is dedicated to the girls who took the lead in 1909 and demanded Lord Baden-Powell create 'something for the girls'. As you reflect on this theme and how your unit will participate, you can get a head-start on the 2020 WTD theme of Diversity, Equity and Inclusion.

Here are some questions to consider as you plan your WTD celebrations:

1. Have you asked the girls in your unit how they would like to celebrate and honour this year's theme of leadership?
2. What assumptions might you be making about the girls in your unit as you plan how and where you're celebrating?
3. Have you considered if all the girls in your unit would feel safe, included and valued in your activities and celebrations?

Our unit meetings and Guiding events are spaces where every girl should feel a sense of belonging. By thoughtfully and collaboratively choosing inclusive activities with the girls in your unit, we can make all girls feel included and valued.
