

## Standard

Quebec Council does not provide travel grants directly to patrols/groups travelling independently to inter-provincial events or for independent international group travel. These groups may, however, raise extra funds through special order Girl Guide cookies, sold at a higher than standard profit. Similarly, groups hosting units visiting from outside Quebec and raising funds for in-travel events may purchase special order cookies.

Special order cookies for any particular campaign (Mint or Classic) will only be made available to groups that have also ordered two cases of cookies per participating girl at the standard cost as part of the district order.

## Procedure

1. Special order cookies will be made available at a reduced cost of \$39.00 per case (i.e. \$21.00 profit per case to the group). The cost may be adjusted periodically by Quebec Council, but not without prior notice.
2. Special Order Cookies may be ordered once the trip has been approved by a Safe Guide Assessor in the form of an approved SG8 (Travel Preauthorization). A copy of the approved SG8 must be submitted with the FR1 (Fund Raising 1) form to the Treasurer Support Specialist.
3. Special order cookies must be ordered at the same time as the regular cookie order, however special order cookies do not form part of the district cookie order and must be accounted for separately. The district order must clearly state that x number of cases are for district use and y number of cases are for a trip.
