## Symposium 2014—Guiding in the New Millenium

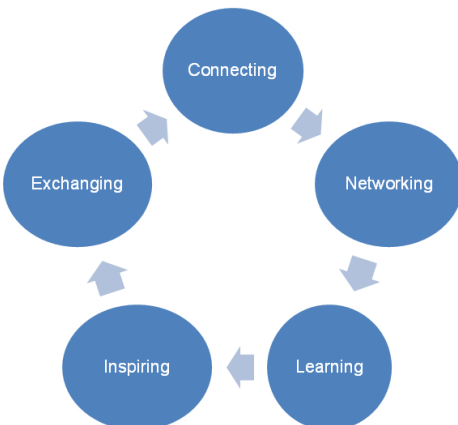

By Pamela Rice

For those who were unable to attend Symposium 2014, you missed meeting and learning about Millie – the millennial girl. The millennial girl is who we work with every week.

Our guest speaker, Candis Steenbergen (Brownie Guider and author), gave us some insights into the world of the millennial girl. She also spoke about how our attitudes and past experience shapes how we see these girls. Candis gave us some practical things to think about when working with our girl members. Millie also made a brief appearance at the symposium and learned what Girl Guides is all about. She even wanted to join!

This year a new approach was introduced to help meet these objectives. **Café Exchanges** were offered on such varied topics as Social Media – Opportunities and Platforms, Turning Girls Ideas into Meetings to Connecting with Today's Girl. The exchanges included subject matter information but focused on exchanges amongst the participants with sharing and discussing a wide range of ideas on the topic. Notes were taken at these sessions and are posted on the [Guider Symposium page](#) of the provincial website for everyone to access.

**Branch workshops** were offered as well with a 'take it outside' portion to make sure that getting active outdoors becomes part of regular unit meetings.

We also presented Purple Lantern pins to a team of **new Trainers!**

The **photo booth** was more than busy with the various districts and groups attending getting their photos taken amongst the greenery and Girl Guide sign post prepared for the photos. **Kiosks** did brisk business at lunch time offering information on a range of activities such as 50 Objects of Guiding, Wa-Thik-Ane camp site rentals and the Duke of Edinburgh Award.

Make sure you check the Québec calendar in August for the date of Symposium 2015. Come for the first time or come back again – either way - you will be **inspired, connect, learn, exchange and network!**

# Guider Symposium (cont'd)

Of course, none of this could have happened without the work of 50 ladies who dedicated their time to ensure another successful symposium.

## St. Patrick's Day Parade—March 16, 2014

This has always been a popular event for Girl Guides and once again we will have a walking unit in the parade this year. It is a great opportunity to show off our flags and be seen with our green. We are permitted a **maximum of 100 participants**, so if you would like to walk in the parade with your unit, please register with us so that we can keep track of the number of participants. Parents and siblings are welcome but no pets. Wagons are useful for Sparks as it is a long route.

So polish the brass on your flags, unfurl your banners, and show off your Irish green pompoms - everyone loves a parade!

A St. Patrick crest will be available for a cost of \$2. The money will be collected at the parade where the crests will be distributed. Those registered will get more info about where and when the line-up is on parade day.

**To register, please send the info requested below to Angela at [awheltonquinn@gmail.com](mailto:awheltonquinn@gmail.com) by February 21.**

## NEW on the GGC Québec website:

The Cheque Requisition form and the Camp/Event Financial Sheet are now up separately on the [Forms page](#) of the provincial website so that Guiders other than the Treasurers can access what they need individually. Don't forget to send your Treasurer a copy!

At this time, we still don't have answers to those pesky questions you have asked about the collection of the GST and QST— which only means that you have asked good questions! So kudos to those of you who came up with them.

## To charge participants an even amount using the GST/QST calculator:

This is one question that can be clarified, sort of. Several of you have noted that the backwards calculator doesn't always work out evenly.

For example, if you want to charge \$20, the calculator tells you to charge participants \$17.40, GST of \$0.87, QST of \$1.74 which actually totals \$20.01. But if you put in \$17.39 as the participant fee, GST is \$0.87, QST is \$1.73, for a total of \$19.99— which is not what you'd like to charge the parents.

The math is right. Excel rounds the half cents but remembers the fact, which leads to the errors. For those of you mathematically inclined, the problem is not only in the rounding but in the significant figures as well. If someone who "speaks" Excel can help me out with this, please let me know and I'll fix it for next year.

The solution: do some rounding yourself. Keep the higher amount of taxes but lower the participant fee so you charge \$17.39, GST of \$ 0.87, QST of \$1.74 for a total of \$20.00.

Here's a table to help you out with the most common ones which don't add up properly:

Even amount to charge	GST	QST	Participant Fee
10.00	0.44	0.87	8.69
20.00	0.87	1.74	17.39
30.00	1.30	2.61	26.09
60.00	2.61	5.21	52.18
70.00	3.04	6.07	60.88
100.00	4.35	8.68	86.97
110.00	4.78	9.55	95.67
140.00	6.09	12.15	121.76

Note that all the \$5.00 amounts and the \$10.00 ones not here work, but I didn't check all of those in between. If you have issues, I'm only an e-mail away!

As soon as I get answers to some of the questions you have asked (and will continue to ask, I'm sure) I will put them in *The Piccolo* and then maintain an FAQ sheet with the forms on the website.

If you haven't made it to a transition training yet, please let me know ASAP and I'll try to get another group together.

If you need help, as always, you can find me at: [finances-support@guidesquebec.ca](mailto:finances-support@guidesquebec.ca)
