

Brownies - Detailed Equivalencies

The following resource will help you transition from the old Brownies program to the new Girls First (GF) Brownies program. Using the chart, simply map out what you've completed in the old program to see where it fits in the new program. Remember, some of the old programming may fit in a couple of different new program areas and themes, and that's ok! You know the activities you've completed best, so use your judgement to determine where they fit. Once you know what you've done, you can plan out what you want to do in the new program.
